

Pedacomp Teacher Training

Choose between three ground-breaking interactive whiteboard workshops designed for all NSW secondary schools
or mix-and-match components to create mini workshops tailored to the needs of your faculties

Guaranteed to achieve outstanding results*

Presented by one of the most expert and effective teacher trainers in Australia*

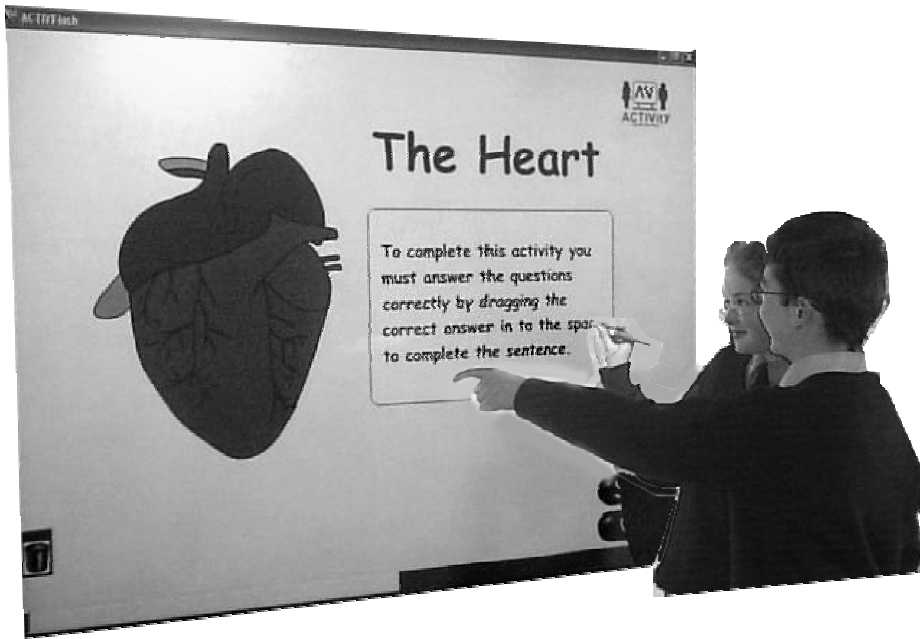

Workshops that revolutionise the way teachers use interactive whiteboards in their teaching!

*Keith Wolfson of Pedacomp is one of Australia's most experienced and successful teacher trainers in the use of technology in teaching.

Over the past 4 years over 3000 NSW teachers from government, Catholic and independent schools have attended Pedacomp workshops, and over 30 schools have contracted Pedacomp to conduct on-campus workshops for their teachers. Workshop feedback confirms that Pedacomp courses achieve remarkably high levels of skill development and satisfaction.

Pedacomp is a NSW Institute of Teachers endorsed provider of professional development for the maintenance of accreditation at Professional Competence

Scope of endorsement - Elements 1,2,3, 4 and 6 of the Professional Teaching Standards for ICT related courses and programs

Conducted at your school, for your teachers, tailored to your needs

The workshops:

Basic and intermediate interactive whiteboard

skills: Teaching in a secondary school classroom with an interactive whiteboard

Advanced interactive whiteboard skills:

Preparing and using advanced interactive whiteboard lesson resources

Train the Trainer workshop: How to conduct workshops to train and support fellow teachers in using interactive whiteboards

Pedacomp Teacher Training

Workshop details:

Basic and intermediate interactive whiteboard skills

- Basic use of Promethean ActivStudio or Smart Notebook
- An introduction to other software specially suited to interactive whiteboards
- Using PowerPoint slide shows, the Internet and special features of Microsoft Office with interactive whiteboards

This is a general course suitable for all your teaching staff

Advanced interactive whiteboard skills

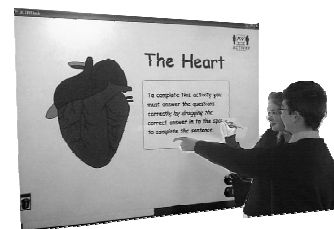

- Advanced use of Promethean ActivStudio or Smart Notebook
- Using advanced Internet skills, graphic organisers, mind mapping software, charting software, design software and other applications with interactive whiteboards
- Tailoring interactive whiteboard use to specific subject needs. (Workshops can be tailored to suit the needs of Maths, Science, English, HSIE, music, TAS, CAPA, LOTE, drama, PDHPE etc).)

This course is designed for teachers who already have some experience in using an interactive whiteboard in their teaching

Train the Trainer workshops

- Training and supporting teacher colleagues to get the most out of their interactive whiteboards: how to conduct basic, intermediate and advanced interactive whiteboard training.

This is a course designed to train lead teachers (usually one teacher from each faculty) who then go on to train and support other teachers. The course can be tailored to suit teachers with previous interactive whiteboard experience or teachers who have no real interactive whiteboard experience

Other information

Workshop duration

Depending on the nature of the program the training normally extends from between one half-day to three full days

Workshop cost

Workshops are billed at a flat rate of \$1100 per day (8:00AM to 6:00PM) or \$770 per half-day (8:00AM to 12:30PM, or 12:30PM to 6:00PM) including GST

Travel and accommodation

Where travel and accommodation costs are incurred by the trainer they are charged at actual cost. Every effort is made to use minimise travel costs.

Number of teachers per workshop

There is no limit to the number of teachers per workshop. However if more than 25 teachers attend any one session an additional workshop support person may be required. This support person can be provided by your school if a suitably experienced person is available, or if such a person is not available Pedacomp can provide the support person at a fee of \$550 per day or \$330 per half-day including GST, plus travel and accommodation costs.

Multi-school bookings

Pedacomp is able to minimise travel and accommodation costs by scheduling training for schools in the same region over consecutive days or by combining teachers from multiple schools in one workshop.

Workshop resources: Workbooks

Pedacomp's workshops include the provision of comprehensive detailed workbooks. Participants in Pedacomp workshops routinely provide feedback on the excellence of Pedacomp's workbooks. The workshop cost includes a licence to reproduce workbooks as required. The workbook masters are supplied to the school in PDF format.

Workshop resources: Computers

The training normally takes place on school premises using school computing resources. However Pedacomp has a mobile laptop laboratory of up to 30 laptops available for use by schools that do not have sufficient computers to train the required number of teachers. The laptop hire fee is \$15 per laptop per day including GST.
